

HONORS TO LASKER.

The Last Tributes of Earth to the
Dead German Statesman.

All Shades of Opinion, Political and
Religious, Represented at the
Funeral of Otto von Lasker.

BERLIN, Jan. 20.—The funeral of Herr
Lasker, which took place from the new
synagogue, was very imposing. The pres-
ence of the Reichstag and the Reichsrath,
the members of the Imperial Diet, and
representatives from nearly all the trades and
other organizations were present. Herr
Windthorst, the ultramontane leader, at-
tended the obsequies as a spectator, and his
presence in the synagogue created a
marked sensation. The chief orators
were Herr Louis Bamberger, a member of the
Reichstag for Bingen, in Hesse, and Herr
Gottlieb Friedländer, a member of the
Reichstag for Berlin.

The preparations for the funeral were made
on the most extensive plan, and the services
in the "new" synagogue (properly the Grand
Central synagogue) were as elaborate as the
Hebrew ritual would allow. The principal
features of the funeral were:

1. The funeral ceremonies. Clubs of
Liberals, of workingmen and of popular
societies associated the remains, accompanied
by many bands and banners. The funeral
procession was not made up of Herr Lasker's
Jewish co-religionists, but of men of every
race and creed. They moved slowly to the
old Jewish cemetery at Schoenhausen where
the interment took place with imposing
ceremonies. The wide interest manifested
in the funeral is shown by the attendance
of such men as ex-Minister M. F. R. Del-
brück, at one time president of the Imperial
diet and chancellor in 1875, and ex-Min-
ister Otto von Bismarck, who was minister of
finance during the French war, and in 1873
Bismarck's companion and associate in the
ministry as its vice president. Professors
Virechow and Moleschott, among the most
famous in the world, were present, with
Herr Haack, Herr Forckenberg and Herr
Richter, United States Minister, and Herr
Rangabe, Greek minister, and an evange-
listical clergyman.

2. The Berlin council, Herr Hübner, Herr
Eberth and Herr Schneider, were present.
In his speech Herr Bamberger compared the
attitude of the dead Liberalist to that of
Cromwell in England at the end of the Cin-
teenth century.

3. The funeral procession. The funeral

—Oriental Lodge No. 22, Knights of Pythias, assemble in Castle hall this evening.

—"Sam'l of Posen," is the next entertainment in the opera house, February 11th.

—At three o'clock this afternoon Frank Sherer & Co.'s barometer indicated a storm—correct.

—Mr. Richard Dunn has engaged with the Tuckwood Bros., corn exchange boot and shoe store.

—Remember the dance to be given by Anderson's orchestra in Apollo hall on Friday evening of this week.

—Mrs. E. G. Thomas, of Milwaukee, is in the city visiting her parents, Mr. and Mrs. George Krons, of the second ward.

—The Odd Fellows will give another social in their hall on Thursday evening of this week, for Odd Fellows and their families.

—The Knights of Honor will meet at 7:30 o'clock this evening for work in the 24th degree. Every member of the order not present will be fined four dollars.

—The handsome bouquets on the supper tables at the Burns banquet were kindly furnished from the conservatory of Mrs. Jas. Shearer and Mrs. Robert Geddes.

—Miss Maggie Brown started this afternoon for Gainesville, Florida, where she goes to spend the winter for the benefit of her health. Her brother, Street Commissioner John Brown, accompanied her as far as Chicago.

—Yesterday afternoon Mr. George Charlton captured a runaway team at the west end of Milwaukee street bridge, before it had attained much speed or doing any damage. Mr. Charlton bruised his arm a little while hanging on to the runaways.

—Major Rockwood, of the Recorder went to Albion this afternoon, where he delivers a lecture this evening on "The Shakespearean Trio—Hamlet, Romeo and Mark Antony." Whatever the Major says on those characters will be well worth hearing.

—The horse attached to Sanborn's delivery wagon undertook to get up a little runaway this forenoon on Main street, but before the horse had reached the second block from the store, it forgot all about running, and brought up to the hitching post in front of a saloon.

—The town of Lina, yesterday afternoon, settled with the county treasurer for the state and county tax for the year 1883, returning only \$20.00 in real and personal tax uncollected, and placing Lina at the head of the ledger of towns making prompt settlement of taxes.

—At a regular meeting of the Knights of Honor last evening there were present the secretary and a candidate for initiation. The candidate apologized for his absence and the secretary for the absence of the brethren. The meeting adjourned at an early hour after voting to try again this evening.

—Yesterday was the time limit allowed by law for the payment of the state tax to the county treasurer, and all the towns and cities had complied except the city of Beloit and the town of Fulton. Next Monday the county treasurer will pay the tax over to the state treasury.

—W. J. Smith, formerly sergeant of company B, 34th Wisconsin volunteer infantry, now residing at Edina, Missouri, desires the address of two or three members of company E, who were in the service during '61 and '62. If this should meet the eye of any such members, they will please drop Mr. Smith a postal card.

—The second ward hoodlums were out in full force last night, to the great annoyance of many of the residents of that part of the city. We hear that many windows were broken by them, and that some of the parties participating in the "spree" are known, and that they will probably have a chance to settle in the municipal court.

—Mr. Charles Fitzgerald, who has been visiting relatives and friends in this city for the past three weeks, started today for Rockwell City, Iowa, to visit his parents, after which he will return to Manitoba to resume his duties on the Canadian Pacific railway. He has made many friends during his brief sojourn here, who will regret that his visit could not be prolonged.

—Mr. Herman Baehholz has the contract for building a new cage for Burr Robbins' monster hippopotamus, which will not only be of great strength, but will be one of the handsomest in design. He has also the contract for building several other animal cages, for the monkeys etc., which are to be ready for Burr Robbins' great German and American allied shows in the spring.

—Charles Kline, of Fulton, was before the municipal court this morning and pleaded guilty to the charge of stealing a fifteen dollar watch, the property of Hans Kristiansen, on the 4th of January, and was sentenced to pay a fine of \$40 and costs, \$1.70, and be imprisoned in the county jail until paid, but not to exceed five months. Commitment issued O. L. Pierce appeared for the state, and Clarence L. Clark for the defendant.

—Remember the masquerade of the Concordia society at their hall in the Mitchell block this evening. Mrs. Franz, of Watertown, will occupy a room adjoining the hall, where she will have on exhibition a large variety of suits for the occasion, which will be rented to those who wish to participate in the masquerade. The committee are determined to make this the grandest affair of the kind ever held in the city. The public generally is invited to attend.

—Rev. Father Ryan, the poet priest of the south, who delivered the lecture in St. Patrick's church, is confined to his room at Father McGinnis' residence with rheumatism. Father Ryan intended to visit Portage for the purpose of delivering a lecture, but the severe cold of our northern climate does not agree with him, and he was concluded to give up his northern lecture tour, and return to his home in Alabama.

—Owing to the large and increasing demand made upon the repairing department of the jewelry establishment of Messrs. F. C. Cook & Co., they have secured the services of one of the best practical watch makers and repairers in the west, Mr. W. F. Hayes, who will hereafter be found at their establishment ready to do all kinds of work in his line in the best possible manner. With this addition to the force Messrs. F. C. Cook & Co. are now enabled to accommodate their customers in the shortest possible time.

—Mr. Charles L. Clark, who is just finishing a course at the Chicago medical college has made arrangements to occupy the office vacated by Dr. St. John. It is possible that Mr. Clark will be graduated before the close of the term which he is now completing, but should the faculty refuse to do so, the practice in this city which will naturally go with the office he has leased, will be temporarily attended to by other physicians, until he shall have graduated. Mr. Clark will come out of Chicago medical college with all the honors that industry, excellent natural ability, and sterling worth can command of this institution; of his success in this city as a medical practitioner is one of the things about which there is no doubt. He deserves the highest success that can be attained.

—Mrs. George Ackley died very suddenly at her home in Beloit on Sunday afternoon. She attended services at the Methodist Episcopal church in the morning, also remaining at the Sunday school exercises, and went home and prepared dinner, and did not complain of feeling ill at all. During the meal she said that she had a severe pain in her chest, and took something for relief. This pain soon left her and she did her after-dinner work as usual. About three o'clock while her husband was out of the house, a little grandson came running to him saying that grandma had fainted. Mr. Ackley hurried into the house and found his wife sitting in a chair, pale, and gasping for breath, and in another moment she expired. The cause of her death was heart disease. Deceased had long been a resident of Beloit, and was a lady much respected.

A Fair Offer.

The Voltac Belt company, Marshall, Minn., has just received from Dr. J. W. Voltac a new and improved Voltac Belt and Appliances on trial for thirty days, to men, young or old, afflicted with nervous debility, lost vitality, and kindred troubles. See advertisement in this paper.

The Insurance Business of Janesville.

Mr. E. B. Heinestadt, collector of the fire department, has just completed the work of collecting the insurance premiums for the year 1883, and has made his report of the same, from which we glean the following facts. There were seven agencies doing business in this city during the year, who, by the state law, are required to pay to the collector of the fire department two per cent of the amount of premiums received. The collector reports the following sums paid in by the respective agencies:

Dimech & Bayner, \$291.27
Hirsh & Dutton, \$157.78
John & Sons, \$157.78
Simon Strauss, \$157.78
J. B. Kinnel, \$157.78
Wm. Street, \$157.78
Ed. Connel, \$157.78
Janesville Machine company, \$150.00

\$977.39

By these figures, which are sworn to by the agents, it will be seen that our citizens have paid out in premiums for fire insurance during the year 1883, the sum of \$98,870.00, while the loss paid back by the companies on account of losses by fire during the same time amounts to only \$1,537.45, leaving a net gain to the agencies of \$97,332.55 for the year.

This amount of \$97,332.55 is the largest sum ever collected by the fire department, and is evidence that our people paid out money in the same proportion for insurance during the year. In 1882 the amount paid was \$354,082; in 1881, the sum of \$499,474; in 1880 \$430,935; in 1879, \$408,261 and in 1878 the sum of \$469,27.

The above statement does not include all the insurance business, as there is a considerable amount of insurance in this city written by agencies not residing in this state, and who make no reports of the same.

"My wife suffered from Rheumatism for months. She tried a number of medicines but received little or no benefit. She commenced taking 'Anthon's' three days ago, and I can safely say she has already received more benefit from it than from all the medicines she has taken before." J. Stephens, Russell Green, Grant Co., Wis. The universal verdict is to Anthon's is that it cures where other remedies fail. What an amount of money might be saved if sufferers would go directly for this recognized specific.

Announcement.

"We have this day purchased of Mr. L. R. Treat his stock of boot and shoes, and will continue the business at the old stand in the corn exchange block. The store will be filled with a choice stock of goods and we shall endeavor to merit a share of public patronage."

JANESVILLE, WIS., JANUARY 23, 1884.

State Attraction.

The attractions at Myers opera house for the month of February, will be of an unusually interesting character. The dates for the performances are as follows:

Sam'l of Posen, February 11.

Maggie Mitchell, February 19.

Hern's Heart of Oak, February 21.

McSorley's Infatuation, February 23.

Every one of these will be first class as all theater goers will know. The merit and reputation of each troupe are sufficient to fill the opera house to overflowing.

The Weather.

At seven o'clock this morning the thermometer registered 31 degrees above zero. Cloudy with south wind. At one o'clock p.m., the register was 34 degrees above zero. Cloudy with south wind. For the corresponding hours one year ago the register was 29 and 31 degrees above zero.

Our readers will find all the medicines advertised in this paper at Prentice & Evenson's drug store, opposite the post office. They keep all the principal patent medicines in the market, and a doubtless have the largest stock in the city.

DIVORCES.

Richard Palmer, an honest, guileless old gentleman of 74, residing in Beloit, related to Judge Bennett this afternoon how he took to himself a second wife a couple of years ago, and how they lived happily until one day a stranger came to his home and claimed its mistress as his wife. She admitted that she had been, but thought he had deserted her so long that it amounted to a divorce. "Neither of them," said the plaintiff, "seemed to know how long it was, so I told them to go and inform themselves, and they have done so"—leaving the old gentleman in a dazed condition, from which he has apparently not yet fully recovered, for neither came back. It appears that the stranger had a wife and children in Canada at the time he married the woman, which she discovered, and left him; and on this re-appearance having some doubts as to whether she was married at all, she concluded not to live with either of them. A divorce was granted. B. M. Malone, Esq., was the old gentleman's attorney.

Lucy Martin, of Hanover, secured a divorce from her husband, Joseph, on the ground of desertion. B. F. Danwidie was her attorney.

No other business of importance was transacted in the circuit court to-day.

The Fast Day in Platteville.

probably had good teeth, seeing that he so speedily demolished the most substantial provender on the shortest notice. Nothing except a good appetite and a conscience free from eating, as a good fast breaker. To possess them, use SOZODONT, the great dental invigorator and beautifying agent. Yellow, tartar covered teeth grow nearly white and the gums acquire rouddness and form a pleasing contrast to the snowy hue of the teeth when it is used.

The Swedish Quartet.

This ladies' quartet, known as the Swedish quartet, gave an entertainment at Myers opera house to one of the smallest audiences ever seen at that place of amusement. The concert deserved a far better patronage. The singing was very pleasing, and some of it was especially good, which made the little audience applaud with vigor.

Miss Minnie Wright, who did the reading part of the programme, did some very fair work. While she did not show any remarkable powers as an elocutianist or as a reader, she nevertheless very happily entertained the audience. Her best piece last night was the "Dunbar." Every part of the programme was quite enjoyable and merited a full house.

"Prove all things!" All manufacturers claim to make the best goods, but all cannot be right. We invite the most searching and critical comparison, and are confident that DeLund's Chemical Baking Powder will be found to be the best. It is absolutely pure in every sense of the word.

School Report.

Names of pupils in Johnston school district No. 5, who were perfect in attendance and punctuality during the month ending Jan. 19th, 1884:

Bella Jamieson, Kittie Jamieson, Hugh Jamieson, Maggie Danton, James Danton, Orlan Danton, Annie Weller. Perfect in attendance, Tommie Jamieson.

MISSIE GIFFORD, Teacher.

The best tonic medicine—one that is not composed mostly of alcohol or whiskey—is Brown's Iron Bitters. It is guaranteed to be non-intoxicating, and will absolutely kill all desire for whiskey and other intoxicants. It has been thoroughly tested and proven itself in every instance a never failing cure for dyspepsia, indigestion, biliousness, weakness, debility, nervous exhaustion, neuralgia, constipation, liver complaint, kidney troubles, etc.

Robinson & Hinrichs, Druggists, at Manitowish, Wis., say: "Our customers who use Brown's Iron Bitters are satisfied with the results."

Mr. Moses Young, Druggist at Reddick, Wis., says: "Brown's Iron Bitters give good satisfaction to everyone who uses it."

The Telephone.

The Janesville telephone exchange, under the management of Mr. and Mrs. A. R. Berden, has for the past year been conducted in a manner most satisfactory to all parties connected therewith. A new alphabetical and classified list of subscribers is being prepared and will be issued in the form of a neat 8 page pamphlet. A new call system will be adopted which will render the service much more rapid and satisfactory than the old system. The company's rules governing the use of the exchange by non subscribers will be rigidly enforced here as elsewhere.

A public toll station will probably be opened for the accommodation of non subscribers, on the west side, while east side non subscribers will find accommodations at the central office as heretofore.

A Walking Skeleton.

Mr. E. Springer, of Mechanicsburg, Pa., writes: "I was afflicted with lung fever and abscess on lungs, and was unable to walk or do any work. I bought a bottle of Dr. King's New Discovery for consumption, which did me so much good that I bought a dollar bottle. After using three bottles, found myself cured, with a hearty appetite, and a gain in flesh of 45 lbs. Call at F. Sherer & Co.'s drug store and get a free trial bottle of this certain cure for all Lung Diseases. Large bottles \$1.00."

Resolutions of Centor Grange.

At a meeting of Centor Grange, No. 33, the following resolutions were adopted on the death of Sister Annie Cook, who died December 30, 1883.

Whereas, God has seen fit in his all-wise providence to remove from our midst our beloved sister, Annie Cook, therefore,

Resolved, That in her death we lose a worthy sister, one who at all times, though not physically well, was ready with words of cheer to encourage the weary and oppressed, to press forward in the discharge of duty's call.

Resolved, That in this bereavement we tender the bereaved family our heartfelt sympathies in their hour of affliction, and recommend that a copy of these resolutions be tendered to the family of the deceased, also, inscribed on the minutes of the Grange and published in the Janesville Gazette and Evansville Review.

Resolved, That our charter be draped in mourning for sixty days.

"PURELY SOLENNED" SLUGGING.

The Future Pugilist to Receive His Training at the Hands of Experienced Surgeons.

[Cincinnati Enquirer.]

"The several aspirants to pugilistic honors," said John, 31 years of age, the first, "are now studying the anatomy of the human body with a view of finding the weakest spots. I have myself discovered in a volume of 'Draper's Anatomy,' three spots on the human body which are so susceptible that a punch would knock a man out."

"You don't mean to say that a pugilist could be knocked out with a single blow?" suggested the reporter.

"Certainly not," and the blow could be comparatively light."

"What are these spots?"

"Ah, now, it is money in my pocket to keep that knowledge to myself."

"I know of one spot behind the ear," said the reporter, "which, when a blow is properly directed, will be very liable to knock a man out."

"A man will only be stunned by a blow behind the ear, and his seconds will be at a very few seconds in bringing him around," was the rejoinder. "But," continued the reporter, "if the blow is directed at the temple, it will do a man up for some time. The man that Weeden hit Walker was not so very hard, but it was delivered in one of the spots that I have discovered. What was the consequence?"

"Why, the poor fellow fell dead in ten minutes."

"Then you mean the pugilist of the future will be a purely scientific man?"

"Just exactly what I mean. He will be a sort of surgeon who will understand the human form exactly."

"Do you think that future pugilistic encounters will be of long duration?"

"That will depend entirely as to how the two men are matched. In the event that both are scientific, the fight will be of long duration; but if only one be a student, one round will suffice."

"How will he be trained for a fight?"

"His principal schooling will be received at the hands of experienced surgeons. Hospitals, of course, will be the training place, but a great part of the work will be done at a table under the light of a student's lamp."

"That will be no more scientific!"

"Oh, yes, a trifle; but that can easily be acquired by any gentleman in an hour or so a day will be all that is necessary. Let him hit the sand bag under the mentorship of some tutor, so as to enable him to deliver his blows with proper force. This, of course, I desire you to understand, will be a very different thing from the secondary training when compared with his anatomical knowledge."

A Sad Picture.

[Honolulu Cor. Chicago News.]

The Hawaiians are naturally a sanguine, happy race, living in the light of their cloudless skies, and content to gaze upon the smiling bay, and to be content with the simple pleasures of life. Before the missionaries came, their lives were a happy one. Their two afflictions have been the importations of religion, with which they were not in sympathy, and disease.

One old king said: "Yes, I appreciate the benefits of civilization, and am glad to have any people adopt them, but I do not want missionaries here. Give me clothes if you want, but don't let me deprive you of your God." But the missionaries have forced their many different creeds upon the Hawaiians. At the same time they forced away the land from its old holders, making such trades as 1000 acres for 1,000 acres of land, which any man must admit was playing a little low down with the untutored and simple child of nature. So from this source came one cause of depression, and one cause of the evidence of restraint among the people, which develops into the most depressing melancholy when luxury attacks a victim. Upon such natures as these the deprivation of hope has a peculiarly severe effect. Not a laugh did I hear, nor a smile, nor a happy sound. Occasionally a smile, in response to a kind word, would struggle out from the leathern colored faces, but the sparkle in the eyes would soon die and the shivered lips fall back to their places.

At a school was given, and after that came sick and death. Every leper attended that they brought bottles in which were given them solutions of iodine of potassium. Then they passed in lines, displaying their sores, which the lepers were managed, and upon which the attendants plastered, with a wooden spoon, great chunks of mercurial ointment. It was a sad procession of the afflicted, a more pitiful sight than I ever to describe, probably more sad than the most ghastly picture of my readers would care to know of.

Fighting the Wrong End.

Many men daily polish their boots who never give a thought to the condition of their hair,
